# InnoPreP™

InnoPrep draws on Servier's 35-year track record in industrial-scale chromatography to purify your molecule and reduce your time to market.

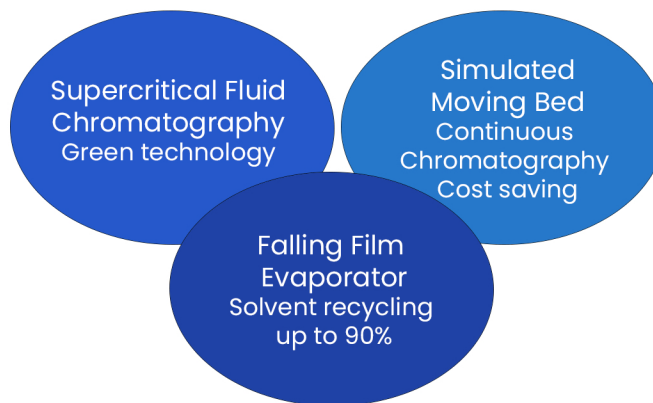

## INNOPREP CAPABILITIES

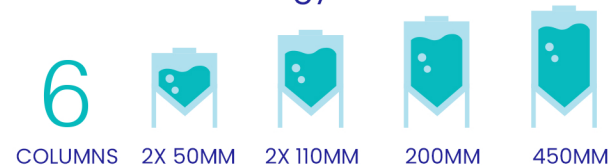

- 500 m<sup>2</sup> industrial-scale preparative chromatography area
- High containment to handle high potent compounds (OEB4)
- 35 years of preparative chromatography experience
- Team of 10 internationally-renowned experts

## MULTIPLE EXPERTISE

Innovative technologies

## Batch technology

Stationary Phases : Normal / Reverse / Chiral

## InnoPreP™ Benefits:

- Up to 3 months faster to clinic for accelerated time to market
- Optimized purify of APIs and intermediates
- Scale up of processes to industrial volumes
- Development of highly potent compounds (HPAPIs) down to OEB4
